Worcester MA 01605

Dear Mr. Kullas,

Your comments regarding Verizon's FIOS service were received by the Governor's office and forwarded to the Department of Telecommunication & Energy's Cable Television Division. Verizon has petitioned the Cable Division to amend the rules regarding the licensing process so that Verizon could obtain the required licenses to offer its FIOS service in a shorter amount of time. The Cable Division issued an order opening a rulemaking proceeding and is currently accepting comments in the matter. The matter is docketed as CTV 06-1.

The Cable Division will include your comments in the record for this matter. You may obtain more information about the proceeding from our website at <http://www.mass.gov/dte/catv/index.htm>.

Sincerely,

A handwritten signature in cursive script that reads "Alicia C. Matthews".
